

Conformal Coating Spray TC 71

Salient Features:

- ☐ Quick air-drying transparent / tinted protective coating
- ☐ Protects against moisture and chemicals
- ☐ Overcomes electrical leakages, short circuits and disturbing noises
- ☐ Excellent di-electric strength
- ☐ Good resistance to abrasion, corrosion and chemicals
- ☐ Meets MIL-I-46058C and RoHS compliance

Description:

Conformal Coating is specially developed to protect printed circuit boards. It has a durable adhesion in the temperature range from -40° C to +60° C and can be used for a short period of time up to +100° C maximum. Protects PCB and surfaces from moisture, fungus and corrosion.

All statements, technical information and recommendations contained herein are based on TriboCor believes to be reliable, but the accuracy or completeness thereof is not guaranteed. We therefore recommend that the user determines the suitability of the product before its intended use.
